Fauglietti Engineering

Fauglietti Engineering studio was founded in 1986 by Renzo Fauglietti together with his wife Graziella Bianchi: the aim was "the search and development of new products of design as well as their planning and their production". The prizes and awards they have received (Tecnhotel in Genoa, Compasso d'Oro, Neste Form in Finland, the silver medal at Batimat in Paris) are the result of a constant job of research and innovation in the product development. Furthermore Renzo Fauglietti is teacher at Centro di Cultura Scientifica "Alessandro Volta" in Como and university lecturer at Politecnico and Bocconi in Milan.

Lo studio Fauglietti Engineering viene fondato nel 1986 da Renzo Fauglietti insieme alla moglie Graziella Bianchi: l'intento è "contribuire alla ricerca ed allo sviluppo di nuovi prodotti di design, alla loro progettazione ed alla loro creazione". Il premio Tecnhotel di Genova, le segnalazioni al Compasso d'oro ed al Neste Forma Finlandia, la medaglia d'argento al Batimat di Parigi sono i risultati di un lavoro costante di ricerca e di innovazione nello sviluppo del prodotto, un impegno al quale si affianca l'attività di docenza al Centro di Cultura Scientifica "Alessandro Volta" di Como, al Politecnico di Milano e all'Università degli Studi "Bocconi" di Milano.

The excellence Made in Italy

"Enrico Pellizzoni" brand was created in 1986 from a tradition in leather production that had spanned almost one hundred years. Since the early 1900s, the Pellizzoni family had made of leather their passion, initially entering the footwear sector but immediately repositioning themselves in furnishings. The company is traditionally based in Mariano Comense (Como - Italy) and has been established in its current 4,000 sq. m. complex since 1988, where essential residential and office furnishings are produced: chairs, armchairs, stools, sofas, tables, desks, cabinets and beds.

Il marchio "Enrico Pellizzoni" nasce nel 1986, dopo un'esperienza di lavorazione del cuoio centenaria. Fin dal 1900 infatti la famiglia Pellizzoni ha fatto del cuoio una vera passione; entra inizialmente nel settore calzaturiero orientandosi poi nella produzione di articoli d'arredo. L'azienda storicamente situata in Mariano Comense (Co), dal 1988 si è stabilita nel suo attuale complesso di 4000 mq, dove produce complementi d'arredo per la casa e l'ufficio: sedie, poltrone, sgabelli, divani, tavoli, scrivanie, contenitori, letti.
