Stefano Bigi

Born in 1974, Stefano Bigi grew up between France and Italy. Out of this double culture, he has acquired a taste for the chic and the beautiful. After studying at Art School, he started a career in webdesign within a SSII before becoming self-employed. It was 10 years ago that he first began to sketch sofas, decorative objects, and his obsession: chairs. However, when he turned 31 he decided to live for his passion: to design furniture and decorative objects. Since 2005 he has established himself in Milan and founded his own company: Helldesign di Stefano Bigi.

The excellence Made in Italy

"Enrico Pellizzoni" brand was created in 1986 from a tradition in leather production that had spanned almost one hundred years. Since the early 1900s, the Pellizzoni family had made of leather their passion, initially entering the footwear sector but immediately repositioning themselves in furnishings. The company is traditionally based in Mariano Comense (Como - Italy) and has been established in its current 4,000 sq. m. complex since 1988, where essential residential and office furnishings are produced: chairs, armchairs, stools, sofas, tables, desks, cabinets and beds.

Il marchio Enrico Pellizzoni nasce nel 1986, dopo un'esperienza di lavorazione del cuoio centenaria. Fin dal 1900 infatti la famiglia Pellizzoni ha fatto del cuoio una vera passione; entra inizialmente nel settore calzaturiero orientandosi poi nella produzione di articoli d'arredo. L'azienda storicamente situata in Mariano Comense (Co), dal 1988 si è stabilita nel suo attuale complesso di 4000 mq, dove produce complementi d'arredo per la casa e l'ufficio: sedie, poltrone, sgabelli, divani, tavoli, scrivanie, contenitori, letti.
