Grassi&Bianchi

Grassi&Bianchi studio, founded in 1984 from the architect Sergio Bianchi with his wife, is engaged mainly in building trade, from planning to restoration of private and public buildings. The pleasure of being designer comes also from the creation of pieces of furniture. "I often long for the past when my studio was concerned with the planning of furniture like chairs, tables and writing desks. Unfortunately now we have no time to apply ourselves to this sector and probably the right partners are missing". Enrico Pellizzoni represented the occasion to plan pieces of furniture of a simple elegance just drawing essential lines on a white sheet.

Lo studio Grassi&Bianchi, fondato nel 1984 dall'architetto Sergio Bianchi con la moglie, lavora principalmente nel settore dell'edilizia, dove si occupa della progettazione e del restauro di edifici pubblici e privati. Il piacere che si prova ad essere designer deriva anche dalla creazione di componenti d'arredo.

"Spesso provo una sorta di nostalgia per gli anni in cui il mio studio si dedicava anche alla realizzazione di oggetti come sedute o tavoli e scrivanie. Purtroppo ora mancherebbe il tempo di farlo e soprattutto verrebbero a mancare i partner giusti". Enrico Pellizzoni rappresenta l'occasione per progettare elementi di arredo tracciando sul foglio linee sobrie ed essenziali, per creare oggetti di grande equilibrio formale e di semplice eleganza.

The natural beauty of the leather
Leather brings a feeling of unique naturalness to our senses: touch, look and smell this material gives a sensation of pleasure and familiarity. Using transforms leather, making it year by year a story of our lifestyle. Not only emotional, but also technical qualities: versatility, endurance and durability go hand in hand with softness and flexibility.

Il cuoio trasmette una sensazione di naturalità inconfondibile ai nostri sensi: toccare, osservare e sentire il profumo di questo materiale regala una sensazione di piacere e familiarità. L'utilizzo trasforma il cuoio, rendendolo nel tempo un racconto del nostro stile di vita. Alle qualità emozionali, si affiancano quelle tecniche: versatilità, resistenza e durata vanno di pari passo con morbidezza e flessibilità.

pasqualinachair

Pasqualina series has a steel frame in oval section, completely covered with leather. Metal seat pan covered with technical fabric in color black. Stools are available with footrest in embossed aluminum or black.

La serie Pasqualina presenta una struttura in tubolare di acciaio a sezione ovale completamente rivestita in cuoio. Gli sgabelli sono proposti con poggiapiedi in finitura alluminio goffrato o nero goffrato.

The excellence Made in Italy

"Enrico Pellizzoni" brand was created in 1986 from a tradition in leather production that had spanned almost one hundred years. Since the early 1900s, the Pellizzoni family had made of leather their passion, initially entering the footwear sector but immediately repositioning themselves in furnishings. The company is traditionally based in Mariano Comense (Como - Italy) and has been established in its current 4,000 sq. m. complex since 1988, where essential residential and office furnishings are produced: chairs, armchairs, stools, sofas, tables, desks, cabinets and beds.

Il marchio "Enrico Pellizzoni" nasce nel 1986, dopo un'esperienza di lavorazione del cuoio centenaria. Fin dal 1900 infatti la famiglia Pellizzoni ha fatto del cuoio una vera passione; entra inizialmente nel settore calzaturiero orientandosi poi nella produzione di articoli d'arredo. L'azienda storicamente situata in Mariano Comense (Co), dal 1988 si è stabilita nel suo attuale complesso di 4000 mq, dove produce complementi d'arredo per la casa e l'ufficio: sedie, poltrone, sgabelli, divani, tavoli, scrivanie, contenitori, letti.
